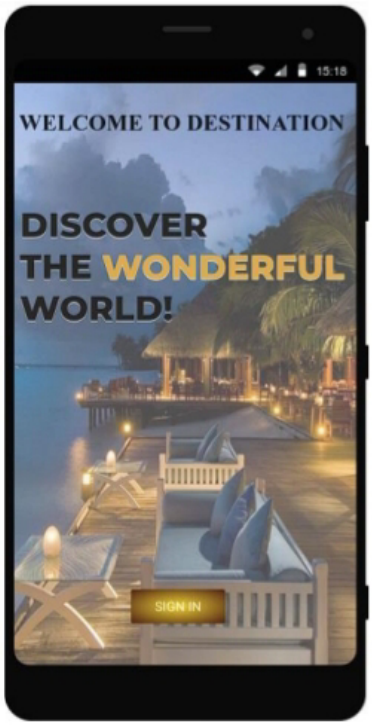
Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using proto.io

Screen 1:

Sign In page for the destination app



Screen 2:

Home page:

Familiar Icons:

1. **Hamburger Menu (☰) - Top Left:**
   - A common icon representing a collapsible navigation menu.
   - Clicking it usually opens a sidebar with options like Home, Settings, and Profile.
2. **Search Icon (🔍) - Below the Heading:**
   - A widely recognized icon used for searching within the app.
   - Clicking it typically opens a search bar where users can type queries.
3. **Three-Dot Menu (⋮) - Near "Trending Styles":**
   - Represents more options or actions related to the section.

- Often used for settings, sorting, or additional functionalities.

Possibly Unfamiliar Icons:

1. **Explore Button:**
   - This is not an icon but a button that might lead to more details or booking options for the resort.
   - It's common in travel and e-commerce apps but might be designed differently.
2. **Time (08:04) - Top Right Corner:**
   - This is a standard phone status display but may also indicate a feature like a time-based greeting or notification.
